EDUCATION

Lingraphica[®]

For more than 35 years, Lingraphica has helped people with communication challenges express themselves, connect with others, and build communication confidence.

What guides us:

People first.

Solutions are only as good as the human experiences they support.

Simple technology.

Easy to start and built for everyday life.

Support that lasts.

Because communication is a journey.

Simple communication devices for life's everyday moments

Lingraphica AAC devices open the door to expression and connection. Simple to use and easy to learn, they offer new ways to share thoughts, practice speech, and build confidence through the communication journey.

Your story, your way.

Personalize words, phrases, and photos to reflect your life.

Practice speech and comprehension.

Exercises, videos, and quizzes to help you improve.

Designed for daily life.

Portable and reliable, ready wherever you need it.

Extensive insurance coverage

Medicare • Medicaid • VA • Major insurance plans

THERAPY

TalkPath Therapy

Free online therapy solution for SLPs. Assign any one of thousands of practice exercises and chart your client's progress.

SmallTalk Communication & Therapy Apps

Simple topic-based communication apps, plus therapy from an array of exercises, including oral motor, phonemes, consonant blends, and more.

COMMUNITY

Join In, a Lingraphica Community, offers free, daily online meetups for people with communication challenges and their care partners, for conditions including aphasia, Parkinson's, PPA, and TBI.

Each diagnosis-specific community offers:

- **A welcoming space to belong.** Clients can connect with others who understand the journey.
- **Live video sessions guided by experts.** Daily meetups led by speech-language pathologists and specialists.
- **Ongoing opportunities to share and learn.** A flexible space with sessions covering a wide range of interests.
